

## **BASP First Aid At Work – Refresher**

### **The Course**

This course is suitable for those that have previously attended an 'HSE First Aid at work 4 day course', within the last 3 years.

This course is registered with the HSE and the certificate is valid for 3 years

The course is intended to refresh previous learning. The first morning is spent reviewing the principles of first aid, moving on to basic life support. After lunch, there is an outdoor practical session, which reinforces the morning's work; followed by a classroom session for common medical emergencies, wounds, bleeding and shock, backed up by a practical session. The second day starts with fractures, followed by the effects of heat and cold, followed by an examination by an external examiner, as required by the HSE.

The course is run from 9am-5pm (approx). There are no evening talks or lectures however, you are welcome to join in with our evening programme or just relax in the bar.

**Please vacate your room by 10am on the last day.**
