Intermediate Biathlon

Is It For Me?

This course will further develop the skills required for biathlon. It is aimed at individuals who have previous biathlon shooting experience. You will learn shooting theory and further development of shooting out of breath in the prone and stand positions. Running or rollerskiing will be used for out of breath exercises, and coaching will be provided for those who wish to improve their rollerskiing. Additionally there will be opportunities on this course to learn fitness techniques and skills specific to biathlon.

To get the most out of these four days we recommend that you have a reasonable level of fitness.

Prior to your course, please complete the attached questionnaire summarising your previous experience and detailing equipment requirements, returning to Glenmore Lodge at least 1 week before course start date.

Aim

Further develop shooting skills, and the ability to shoot while out of breath, as required for the sport of biathlon.

Safety & Course Acceptance

Rifle handling and shooting is a serious business. Glenmore Lodge reserve the right to decline attendance on this course should they become aware of, or have prior knowledge of, an individual's unsuitability for this course.
