Use of Helmets on Glenmore Lodge Ski Courses

Whilst it is clear that the use of ski helmets does reduce injury in the event of certain accidents, it is not our policy to demand their routine use on our courses. Our courses cover a broad range of skiing activities: piste; off-piste; touring and mountaineering. Within each branch of these sports the current norm for helmet use varies and therefore we would generally leave this decision up to the individual client. Where we feel it appropriate, such as on steep ski clinics, helmets may be mandatory, in which case we will provide them.

Currently on our touring courses, the majority do not wear ski helmets, however some folk choose to. There is a trend towards more people wearing helmets for snowsports, and they are available to hire or buy in all of the valley bases we use.
